

NIB SERVICE

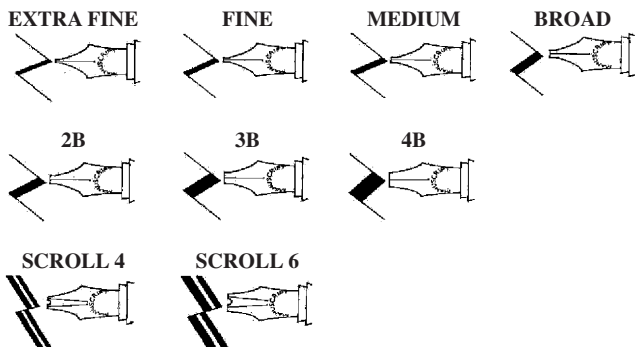

Your new calligraphy set contains a selection of nibs from our range. These quality nibs will help you to develop and apply your calligraphy skills in many ways. If you require additional nibs, these are readily available and may be ordered from our nib service. Details of the full range are shown on the following pages and may be ordered either by using the Order Form included in this leaflet or online at www.calligraphy.co.uk

If you are left handed and wish to exchange, where possible, the nib sections in this set for left handed versions, please tick the appropriate box on the Order Form and return the Nib Sections only to Manuscript Nib Service.

The nibs will be replaced free of charge, but please do not forget to pay the return postage charge.

NIB SECTIONS

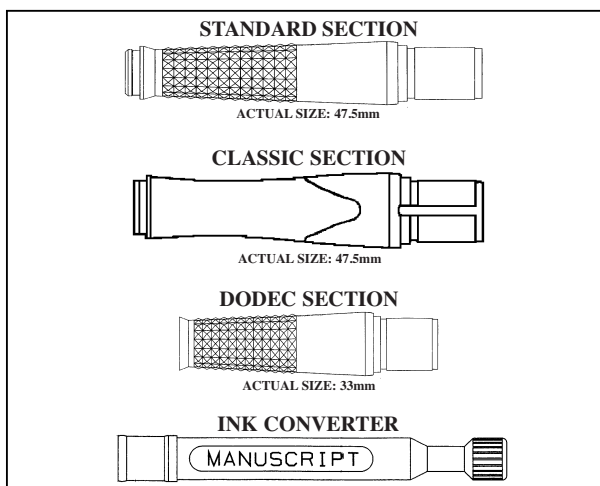

Please note that we have 2 different styles of pen, which use the same nibs but different sections.

There is our Classic Pen, previously called our Standard pen, which has a metal clip and which uses either our Classic Section or our Standard Section. These two sections are interchangeable and will assemble into all models of our Classic and Standard Pens.

There is also our Dodec Pen, which is 12 sided and has a plastic clip, which uses our Dodec Section.

Please check the length of your section against the diagram to ensure that you order the correct section. Further information on our Pen Models and Sections can be found on our website:
