

## Seasonal Lettering Project

# AUTUMN IS HERE

Autumn is only a few days away so we thought we would do a lettering project to celebrate the change of the season!

### You Will Need

- Plain cotton bag
- Pack of Duotip markers
- Italic Marker - metallic gold

**Project time:** 1 hour

**Project level:** Intermediate

# Seasonal Lettering Project

## Step 1

Lay out your cotton bag nice and flat, the flatter it is the easier it will be to write on. Take your metallic gold Italic Marker and write "Autumn is here" in the centre of the bag.

## Step 2

Go back over the down strokes of your letters making them thicker than the upstrokes.

## Step 3

Once you are happy with how your lettering looks leave the ink to dry for about 10 minutes before you move onto the next step.

## Step 4

Use your Duotip markers to add autumn themed doodles to the corners of your bag. Start off with the fineliner end to draw your items and then colour them in with the thicker italic end. We went with a couple of simple autumn leaves, a pumpkin and an acorn.

## Step 5

Your bag is now ready to use!
