Lettering Project

STEP 1

Fold the kraft card in half to give you the shape of your card and then use the pencil to lightly write the words "thinking of you" on the front. Doing this in pencil first means you can play around with the shape and size of the letters and add loops and swirls until you are happy with how it looks.

STEP 2

Use your Flexi marker to go over the pencil lines carefully. The tip is oblique cut and as you can guess from its name flexible! Hold the marker with the widest part of the tip in front of you for the down strokes and then turn it to the side slightly to get thinner lines for your upward strokes. Take your time and go slowly until you have finished all the words.

STEP 3

Leave the ink to dry for a few minutes before removing any visible pencil marks with an eraser. If the card you are using has a shine or sheen to the surface it might take a little longer to fully dry.

STEP 4

The last step is to add some decoration to the bottom right hand side of the card. Use the fine end of the Duotip marker to draw a line of hearts, starting underneath the letter O in you and continue until you reach the end of the card.

NOW YOUR CARD IS READY TO BE FILLED WITH YOUR WARMEST WISHES AND MESSAGES OF SUPPORT FOR THAT PERSON OR FAMILY IN YOUR LIFE THAT YOU WANT TO REACH OUT TO, HOPEFULLY IT WILL HELP MAKE THEM FEEL SPECIAL AND BRING THEM SOME JOY!
